@itsdangold

Currently pursuing placement opportunities in [UI Design and Development](#).
Looking to create meaningful experiences — through delightful interactions and
Human-centred, accessible design.

Education

Sept 2017 — Present

BDes (Hons) Interaction Design

Ulster University / Belfast School of Art

PREDICTED GRADE: 1ST CLASS

Introductory year focused on design fundamentals, data visualisation, personal branding, and app design. This year, projects involve content design and creative entrepreneurship, with upcoming modules surrounding UX and storytelling.

2015 — 2017

Extd. Diploma in Creative Media Production & Technology

Barnet College

DISTINCTION

Completed modules in graphic design, 3D modelling, and animation. Introduced to various research methods, and encouraged to document the creative process through blogging.

Work Experience

Jan 2018 — Present

Front-end Designer & Developer

Ineqe Group

Currently working in a small development team as a front-end designer and developer for Ineqe, a safeguarding company that creates resources for schools and other institutes.

Introduced to different industry standards like [Agile Design](#), [Git Flow](#), and using [NPM](#).

Produced front-end design and code for various clients, such as HSC and Zurich Municipal.

Recently travelled to assist in an app launch event, with almost 100 people attending.

Other invaluable experiences gained from speaking with clients and [presenting my work in company meetings](#).

2013

Volunteer Sales Assistant

Norwood Charity Store

Responsible for working on the till and pricing items. Duties also included engaging with customers, and designing promotional posters.

Skillset

Visual Design • Wireframing and Prototyping

HTML & CSS (SASS) • JavaScript & NPM

Git & Command-line

Interests

Drums — having played in multiple bands and Jazz orchestras.

Tennis and Badminton — competed in both college and club-side teams.
